THE WILDCAT

"THOUGHT CONSTITUTES
THE GREATNESS OF MAN"

CAMPBELL COUNTY HIGH SCHOOL
RUSTBURG, VIRGINIA

VOLUME X

PUBLISHED BY
SENIOR CLASS OF 1962

Mr. Herbert W. Yule

FOREWORD

Dear Reader,

We, the class of '62, who are about to depart from Campbell are leaving you the '62 edition of the Wildcat. We hope that you will carry with you our theme.

As you scan the pages and read the copies, we would like for you to keep these words of Pascal foremost in your mind.

"All our dignity consists in thought. By it we must elevate ourselves, and not by the space and time which we can not fill. Let us endeavor then to think well, this is the principle of morality."

Sincerely,

Helen Murdock
Editor

BUILDERS
by
Harriet Ann Ritter

Some men build bridges strong,
With bolts and long steel beams.
Whereby the tides of man may cross
And ford the swollen streams.

You build a bridge of courage strong
To help some boy rise,
Take on new hope, press ever on
To a brighter life, and prize.

Some men lay long steel rails, I know,
They run for miles I hear,
And mighty engines o'er them pass,
You shaped the engineer.

Some men erect great buildings tall,
They almost reach the skies,
You start a young life on the way
To love, and paradise.

Yes, some build bridges, some build roads,
These bring security, and joy.
I prefer you build the character
Of a priceless girl, or boy.

We, the graduating class of 1962, dedicate
this yearbook to the builders of our future---our
parents.

With this book we extend our sincere appreciation and thanks for the many years of your devoted service.

Cool, Cal
Sonia

PRINCIPAL'S MESSAGE

To The Class of 1962

You are dedicated to a high purpose when you choose "thought" over custom and vogue. You will seek the things which are ultimate and eternal when thought is your guiding light. But you will often be alone, and often confused.

It is my hope that you have been introduced to some of the great thoughts that guided mankind, and that you have developed the strength of character, which will enable you to continue in your pursuit. If you are unusually fortunate you may make a contribution to mankind; but even if you are not so fortunate, the "joy of pursuit" will bring you great inner satisfaction in life.

CLASS HISTORY

Those who sow seeds of ambition and aspiration often harvest blossoms of success and prosperity.

The year 1957 marked the beginning of a fruitful harvest for those whose seeds were nurtured with worthwhile experiences. These seeds representing the present senior class, showed progress from the outset in spite of the many calamities.

As Sub-freshmen Carolyn McDaniel and Louise Poe won prizes in the eight grade talent show.

As Freshmen Patricia Hamlette and Louise Poe received awards in the District Science and Math Conference. They won first and second places respectively in ninth grade science.

As Sophomores we separated from our many friends to go in to our chosen courses, but nevertheless those who remained together continued to work hard in order to reach their goal.

In September of 1959-1960 we were honored to have Patricia Hamlette crowned "Miss Youth Fair" and Velma Byrd "Miss Homecoming" in November. In the Science and Math Conference Mozella Anthony won second place in Biology. Patricia Hamlette and Marie Givens tied for third place. Honorable mentions in the Oratorical Contest were won by Mozella Anthony, Delores Nash, and Patricia Hamlette. Outstanding in sports were Dubois Brice, Thomas Hunter, Joseph Asher, Dennis Merritt and Thomas Nowlin. This proved to be a satisfactory and successful year for us.

When we resumed class in "60", we as Juniors had a problem: What type of entertainment would we have for our seniors: With the help of Mrs. Ferguson, Mrs. Williams and Mrs. F. Jones, we

decided on a prom. The theme was "Song In My Heart." The picturesque scenery included hearts, musical notes and instruments. At this time we realized that we would soon be seniors. Awards day found us the recipients of many honors. Ruth Hurtt, Velma Byrd, Shirley Coles, Doris Rucker, Jeanie Clark, Frances Hicks, Bettie Slayton and Patricia Hamlette received awards in typing. Patricia Hamlette and Marie Givens won first and second places respectively in chemistry at the District Science and Math Conference. Marie Givens also received the award in Chemistry from our school. Patricia Hamlette won second prize in the Annual Oratorical Contest. Outstanding in athletics were Horace Hurtt, George Hamlette, Thomas Hunter, Fred Hamlor, Fred Taylor, and Joseph Asher. Joseph Asher also received the sportmanship award.

We have finally reached the period of enlightenment. We have become seniors, intending to seek our positions in life. Although many of us could not endure, the harvest is still plentiful.

We wish to express our deepest appreciation and sincere thanks to the parents, administration and all of our instructors for, "Soil however fertile, cannot be fruitful without cultivation, neither can the mind be fruitful without education."

CLASS PROPHECY

I'm off on my first flight overseas on a sleek BF-52 flown by the Navy's most competent pilots Gerald Hunter and James Megginson.

On the same flight with me is Marie Givens who came aboard at the Oakland Naval Base in California. Marie is on her way to Asia to confer with Doctor Mozella Anthony who is a surgeon in a Laotian Hospital. Marie has toured the United States on many medical conferences because she is the supervisor and director of the world famous Walter Reed Medical Technologists team.

Working on her staff are Louise Poe, head laboratory technician stationed in Australia and Gladys Cox medical technician stationed in Spain. The nurses on her staff are Margaret Allen, head nurse and administrator at Melbourne, Australia, and Delores Smith, head nurse in a Hawaiian hospital.

Traveling with Marie is Jeanette Scott, her Medical Secretary.

Complimenting Jeanette and Marie on their hairdos, I learned that they had had the hairdos done at the famous Megg-Well Beauty Shop in Oakland, California. The Megg-Well is owned and operated by Marie Megginson and Margaret Cardwell, who also supervise a host of cosmetologists including Gloria Claytor, and Catherine Lewis who discovered the new miracle make-up, "Mugg."

Upon our arrival in Paris I took Marie and Jeanette on a tour of the fashion shops. One of the most famous shops is the Brigitte, where the fashions are created by Virginia Jones, and Roberta Andrews and modeled by Paulette Moss and Mary Alexander.

After making a few purchases we went to a quiet Paris cafe owned by non-french speaking Norman Herndon. Upon completing our lunch and returning to the plane we found that there were three new passengers, all very distinguished gentlemen. They were Harry Robey who is a famous artist on his way to Japan to exhibit some Modern Art, Dubois Brice who is going to Japan to study Japanese Modern furniture, and Malcolm Smith who is returning to China on his second agricultural good-will mission.

While continuing to Asia, Marie brought us up to date on the news back home.

Thomas Nowlin is President of Campbell County College and High School, which is the largest and most modern school in the state of Virginia. His chief stenographer is Bettie Slayton and his chief secretary is Virginia Monroe. Annette McCoy is head business instructor of the thirteen business departments and Beatrice Robinson is head of the twelve social studies departments.

Fred Hamlor, Milton Banks and Kenneth Rucker own a very prominent Construction Company in Richmond, Virginia. Dennis Merritt owns and operates a funeral home in Washington, D.C.

Archie Callaham has a very prosperous business in Seattle, Washington as a garage owner and automobile dealer.

Frances Hicks, Anna Walker and Charity Callaham are working in Washington, D.C. and are gaining fame as the President's aides to the United States Improvement Association.

Cool

The plane landed at the Japanese Airport and after going through customs, I went to the Mark Building which is Japan's leading business establishment. Velma Byrd is the business administrator there and Shirley Coles is her private secretary. Jeanie Clark, Ruth Hurtt and Dorothy Carter are all secretaries in the various business departments.

After leaving the Mark Building, I went to the Japanese Hospital where I conferred with Delores Nash, a physical therapist and Patricia Hamlette, now a psychiatrist, about the health conditions in Japan for 1972.

Martha Morgan is a secretary in a Japanese insurance agency.

On the plane once more, I am bound for the Hawaiian Islands. Among the passengers is that most renowned dancer Josephine Rosser and her dance troupe; also Johnny Monroe the famous player for the Baltimore Colts, and George Hamlette, a mechanic for the General Motors Corporation.

Crossing a quiet street I am almost struck by a small foreign car. As it whizzes by I catch a glimpse of Harold Pilgrim who is known as the hottest hot rod driver in the United States.

After renting a car from the Hurtt Rent-a-Car owned by Horace Hurtt, I went to the Pol-Man Beauty Shop owned by Arlene Pollard and Nancy Moorman for one of their coiffure creations. At the Beauty shop I meet Joan Robinson who is a secretary and is engaged to her boss, and Doris Rucker who is going to Spain as a secretary for an insurance firm, and for purpose of matrimony.

Leaving the Pol-Man I meet Clayton Fowler who is just leaving the Barber Shop and College operated by Franklin Hamlette. Clayton is going to Africa as a gospel singer and missionary.

On the plane going back to the Naval Base I am thinking of how nice it has been to meet so many of the students with whom I attended school. They have all been successful and are living in luxury. I am glad to have been in that group that graduated from Campbell County High School in 1962.

Virginia Monroe wills to her little brother, Leon Monroe, her ability to understand football.

Frances Hicks wills to Margaret Johnson and Emma Gilbert her ability to type, to be neat, and get along with others.

Clarence Campbell leaves his ability to walk the halls to Roy Wrimbley and Linda Johns.

Joan Robinson leaves to Jackie Anderson David Gates, because no doubt he will still be here when she graduates, and maybe after she leaves.

Beatrice Robinson wills her figure to Patricia McCoy.

Doris Rucker wills her sisters Joyce and Phyllis the ability to get along with others, and to graduate.

Clayton Fowler wills to William Jones his ability to walk straight and to his nephew his power to play Cupid.

Dennis Merritt wills his ability to drive a school bus to Leon Hood.

Jeanie Clark wills to Lucille, Gladys, and Joyce Scott her History and Government teacher Mr. Mattocks.

Malcolm Smith wills his height to Wayne Smith, and his scholastic ability to Shirley Smith.

Martha Morgan leaves to her brothers the ability to dance.

Frederick Hamlor wills his ability to walk the halls at any time to Russel Epperson.

Dubois Brice wills David Gates and Quentis Fisher some of his units, so they can leave Campbell High by 1968.

Franklin Hamlette wills his study in Vocational Agriculture to Willard Hamlette.

Betty Slayton wills to her sister Marjorie the ability to get along with people without complaining.

Helen Murdock leaves to Gail Murdock, Sonja Martin and Oris Taylor her determination to master Mathematics, French, and minds.

Thomas Nowlin wills to Clyde Porter his ability to cool it.

Mozella Anthony wills to Peg and Patty, the jazzy Smith twins, the ability to dig and plant all the crazy people in the world.

Marie Megginson wills to her brother her seat in English class.

Horace Hurtt wills his ability to charm girls to his brother Harold.

James Megginson, wills his ability to do mischeivous things and get by with them to Twyman Hunter.

CLASS POEM

"GOOD-BYE DEAR CAMPBELL"

We the seniors would like to say
To each of you good-bye.
We know that you will miss us,
But for us do not cry.

We have our lives before us,
And hard work will now begin.
Through trials, troubles, joys and fun,
One goal we sought we've won.

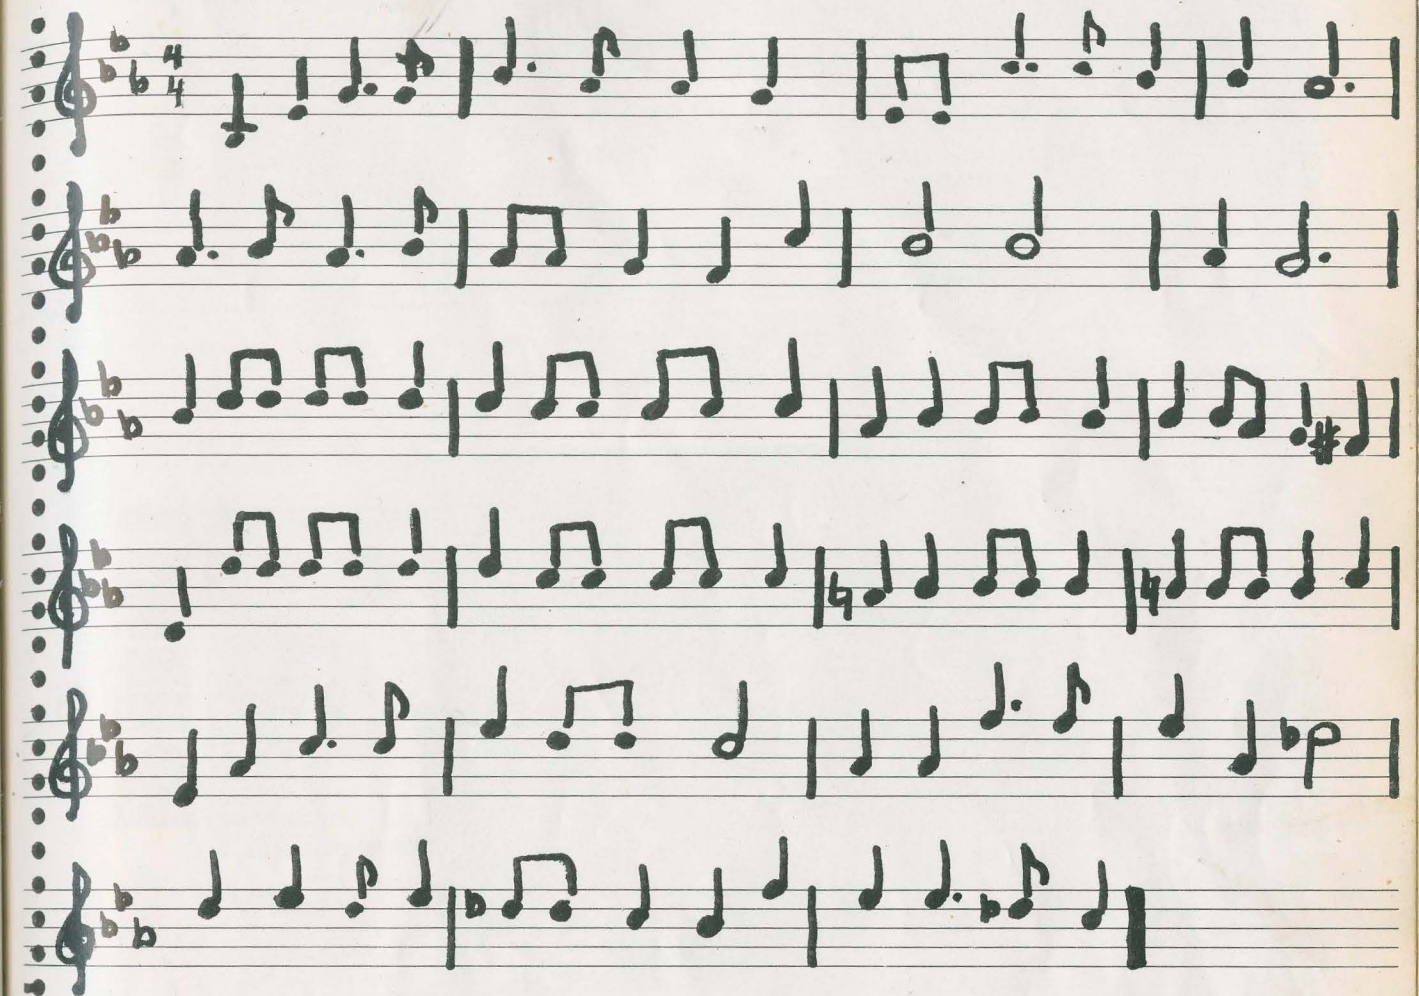

We know we're leaving behind us
A loved one or a friend,
But we must travel on
For we have other goals to win.

Yes, we know our day is ending
By the ringing of the bell
So to our friends and to our school
We bid our last farewell.

Now each of us will go our way
And bear our burdens come what may,
Til in the end, our lives divine
Are brought together by the sands of time.

Clayton Fowler

HALLS OF CAMPBELL

How we love our dear ole Campbell that surrounds us here today.
And we will not forget though we be far, far a-way.
To these sacred Halls of Campbell we will bid a fond farewell.
And shimmer off in twilight like the old vesper bell.

The day has finally come, the footsteps of us all, will echo down the hall and disappear.
But as we sadly start our journeys far a-part; apart of every heart will linger here.

In our beloved halls of Campbell, where we've lived and learned to know.
That through the years we'll seek you in our fond memories.

The development of the semi-mature mind is one objective of a club or organization.

The organization teaches the importance of working, planning, and having fun together without the conflicts that happen in everyday association.

Working in an organized surrounding gives one a feeling of belonging and responsibility.

When working in an organization or with a club the main objective within a person is to make his club or organization outstanding.

We are proud of our organizations and we commend them for the integral part they play in our education.

OUR *Ever-Present* CHALLENGE

The prosperity and individual freedoms we enjoy today are hard-earned gifts from our forefathers and must never be taken for granted.

Each new generation must stand on its own feet and preserve these freedoms. The freedoms we enjoy through the American Way have a high price and must be earned over and over.

W. Somerset Maugham expresses it this way: "If a nation values anything more than freedom, it will lose its freedom; and the irony of it is that if it is comfort or money that it values more, it will lose that, too."

Dear Owen,

While sitting down here thinking of you
I decide to drop you a few lines of my precious
love to let you know how much I care for you
and how much I love you. Well I know now there
is no hope for me with you. So I have to get moving
on. Maybe somewhere along the road side why I am
traveling I might find someone who as lonely as
I am. I hope you and Arleen all the happiest in the
world, and may god bless both of you and keep you.
The way I have been feeling these last few lonely
weeks I wish that I was dead. As that song
say wonder why everything happen to me. Owen
no matter where you are I will always
be with you. Darling please say that you need me
and care for me as much as I care and
love you.

Got it right
